

A TOUCHING SCENE.

Five Thousand Russian Workingmen Greet the Indiana

WITH ITS RELIEF FOR SUFFERERS

In the famine district, from the workingmen of this country—many of them have families in the district and they cheered the American flag—the Indiana's cargo will save forty thousand lives.

PHILADELPHIA, Pa., April 7.—An official report received by the manager of the International Navigation Company from Captain Sargent, commander of the steamship Indiana, which conveyed to Libau, Russia, the relief cargo sent by Philadelphia, tells of the scenes attendant upon the reception by the authorities of that port of the Indiana, the distribution of her cargo, etc.

A portion of the report is as follows: March 18, 10 a. m.—Met by request 2,000 of the workingmen of Libau to receive their thanks which they wished me to convey to the people of Philadelphia. At 11:30 a. m., 3,000 workmen from the harbor works the government is constructing a few miles from Libau came off to the ship in steamers, having been given a holiday for the purpose, and steamed around the Indiana for an hour cheering the flag and the ship. The principal officers connected with the works brought twenty men that were the representatives selected by the workmen. They listened to the speeches made by the officers introducing them as men from the famine district with much emotion. They were introduced individually to me. They wished me to convey their thanks to the rich and the poor that had contributed so much money, but to be sure to send love and greeting from the workmen of Russia to the workingmen of Philadelphia and America, who had given their day's work and what they could to help them. They wished me to state that their wives, children, brothers and sisters were where the famine was, and they knew the condition of the people, and to tell the workingmen of Philadelphia that the Indiana's cargo would save 40,000 lives. This I think was the most touching reception the Indiana has had here.

MURDERER MILLER CAPTURED.

Splendid Work Done by United States Revenue Officers.

SOMESET, Pa., April 7.—William C. Miller, one of the moonshiners who murdered old Hochstetler for giving the secrets of the gang away to the United States revenue officers, has been captured and is now safely lodged in the jail here. The capture was made without bloodshed, the moonshiner terror of Laurel Ridge tamely surrendering without a shot being fired. The credit of the arrest is due to Revenue Officer Fisher, whose persistent and dogged pursuit of the murderers made Miller's life a burden, and so he quietly surrendered. An armed party of fifteen started out this morning to capture Pritts, the other murderer, and they expect to take him dead or alive before to-night.

It is the purpose of the United States authorities to continue the war against the moonshiners who have carried on the business for the last twenty years until they are all arrested or driven from the country.

A Probable Murder.

LANCASTER, Pa., April 7.—Ada R. Ebersol, a nineteen-year-old girl, formerly of this county, died suddenly at Dalton, Ohio, last month and her body was brought to this county and interred. This morning A. G. Martin and J. M. Gilchrist, of Bachmanville, Lebanon county, uncles of the girl, came to Lancaster to notify the district attorney of their belief that the girl had died from poison and to ask for an investigation. The girl had recently inherited a considerable estate, which is believed to have prompted her murder. The body will be exhumed and examined.

A Fatal Quarrel.

DENVER, Colo., April 7.—Last night Chris Kuebler shot and instantly killed John Murray. The shooting occurred in the saloon of Philip Murray, a brother of the dead man, and was the outcome of a quarrel started Sunday night. Kuebler was intoxicated at the time and since his arrest claims the shooting was accidental, although many witnesses say it was a cold blooded murder. Philip Murray knocked Kuebler down and was about to shoot him when prevented by bystanders.

A Terrible Tragedy.

HANCOCK ROCK, O., April 7.—Daniel McDaniels, a widower forty years old, proposed to Minnie Hayes, aged eighteen, and she refused him. He exclaimed, "Die then," and struck her twice with a hatchet, crushing her skull so that her recovery is impossible. He next cut his own throat with a razor. He is in jail at Ironton with a chance for recovery.

A Kentucky Tragedy.

CINCINNATI, O., April 7.—A story has just been received here that in Rockfield, Warren county, Ky., on last Monday, at Oman's quarry, Bud Price, a white man, killed Bud Malone, colored, in a quarrel. J. H. C. France, of Cincinnati, deputized by the sheriff, went on Tuesday to arrest Price at his home. Price and his brother-in-law, Tom Proctor, attacked France with pocket knives and he shot both assailants dead.

A Probable Lynching.

PORTLAND, ORE., April 7.—A special to the Oregonian from Boise, Idaho, says: News is received here that William Humbert, of Bully Creek precinct, was shot and killed while returning home from a Democratic primary Monday night. William Bailey, who is said to have an old grudge against Humbert, is supposed to be the murderer. If the murderer is found he will probably be lynched.

IN FREE TRADE ENGLAND.

Unemployed Workingmen of London Demand Immediate Relief.

LONDON, April 7.—Another large meeting of the unemployed workingmen was held at Tower Hill to-day. Many violent speeches were indulged in, but order was guaranteed by the presence of a strong force of police. The meeting was held under the auspices of the committee of unemployed workingmen. Resolutions were adopted demanding that the London county council deal immediately with the question of London's idle workers. A deputation was appointed to wait upon the Right Hon. C. T. Ritchie, president of the local government board.

J. Lloyd Drummer, one of the speakers, said the men must insist upon permanent work being given them. He denounced Messrs. Tillet and Burns, the leaders of organized labor, for not assisting in any way the great mass of unemployed.

STILL ANOTHER. Another large meeting of unemployed workingmen was held at Tower Hill to-day. The crowd was made up not only of genuine idle workers, but also of a large number of loafers of every description. There was a strong police force present. The meeting was very disorderly. The uproar was due to interruptions made by Backert, the leader of the opposition, who declared that the organizers of the meetings were socialists and not genuine workingmen. All attempts to silence Backert were unavailing, and finally a general scuffle occurred. The police took a hand in the row and comparative order was finally restored by their driving Backert away.

Destructive Wind Storm.

GAGETOWN, MICH., April 7.—The most destructive windstorm since 1862 has been raging here since Saturday and has done an immense amount of damage. Fences have been leveled, fruit and shade trees broken down and houses and barns unroofed and otherwise damaged.

MARTIN'S FERRY.

Accidents and Incidents in that Thriving City—Personal and Industrial.

Dealers in window glass and glaziers are still quite busy. Some of the dealers had as high as eight men selling glass all day on Monday. The glass broken by the hail on Sunday evening is estimated at from \$3,000 upwards and the damage to roofs, etc., at \$4,000. The following is a list of the heaviest losers by the breaking of glass: George W. Truxell, 3,800 lights; the Buckeye glass company, 1,500; L. Spence & Son, 800; A. W. Harris, 3,000; Spence, Baggs & Co., 750; Northwood glass company, 400; Elson glass company, 750; school buildings, 270; McDermott's tool works, 110; William Mann's foundry, 170; Bayless house, 100, and so on; total, 11,050. It is thought that the number of panes broken will reach 30,000. Said a glazier yesterday: "The glass broken measures from 8x10 to 48x56 inches. These will average 25 cents each, to say nothing about the glazing, which would average 20 cents each. I have noticed the small lights suffered the most. Eight by ten glass costs 3 cents each and 48x56 inches, \$5 each." A number of large plate glass windows were broken. C. Long estimates the damage to glass alone at \$5,000. A. R. Ong at \$4,000, John Henderson at \$3,000, and J. Y. Patterson from \$3,000 to \$5,000. M. S. McGraw estimates the loss from \$8,000 to \$10,000, including the cost of glazing.

Story of a Woman Told by Herself.

For eight years I have been constantly under the care of doctors, but found no relief, nor from what the doctor told me, did I expect to get any better. I was convinced they did not understand my case, so I thought I would try Dr. Greene's Nervura, and the result has been truly wonderful. I now feel in better health than for the last 20 years. During all this time I have been suffering with Malaria, Heart Disease, Kidney and Liver complaints, nervous prostration and sleeplessness. For the three months before taking Dr. Greene's Nervura I had been confined to my room, and most of the time to the bed. I feel, with the blessing of God, Dr. Greene's Nervura has given me a new lease of life and health, and that I am cured of all my troubles. I have a great desire that others may be benefited as I have been, and take every opportunity to recommend Dr. Greene's Nervura to the sick.

WEAK—TIRED OUT.

If you feel nervous, old, tired, languid, listless, lifeless and miserable, experience indigestion, sense of fullness or bloating after eating, have irregular appetite, constipated bowels, malaria, frequent headaches, wakeful or disturbed and unrefreshing sleep, with weak back, headache, dragging down pains, irregularities, falling, or are suffering from Spring Debility, go instantly to the drug store and get for \$1 a bottle of Dr. Greene's Nervura, which is the greatest boon to women ever discovered, must by its use be restored to sound, healthy and vigorous womanhood.

You need not fear to use it, for it is purely vegetable and perfectly harmless, and it will bring back strength to your nerves, freshness to your complexion, brightness to your eyes, the bloom of health to your cheeks.

Thousands of women also have had the Grip, and have been left by it weak, nervous, tired, and run down in health and strength, need just this wonderful strengthener and invigorator to give them back their old-time strength. It never fails.

Dr. Greene, the successful specialist, in curing all forms of nervous and chronic diseases, 35 W. 14th street, New York, can be consulted free, personally, or by letter. Call or write to him about your case, or send for symptom blank to fill out, and a letter fully explaining your disease, giving advice, etc., will be returned free.

BELLAIRO.

All Sorts of Local News and Gossip from the Glass City.

The fact that a proposition to build five additional pikes to tap the ones already provided for from as many different directions was lost sight of in the returns until inquiry yesterday brought out the fact that it only received 209 votes in the town, and all told had only 370 out of a total of about 2,300 votes. Some of the farmers who favored the new propositions are exceedingly angry and talk of enjoining the county commissioners from a further issue of bonds under the act recently passed to spend \$30,000 more in completing the roads. This may not be done as there but few men who care enough about such things to spend their own money in testing a law, but the result clearly demonstrates that people must see some direct interest in such matters to induce them to vote favorably.

An effort will be made to have the congressional committee of this new district—Carroll, Harrison, Jefferson, Belmont and Monroe counties—to hold the convention here. The committee meets here, because it is the most centrally located town of easy access in the district, and that committee will on next Monday decide upon the time and place for the convention.
